### Background Information

During this half term we will be immersing ourselves in Geography by exploring our own seaside in the United Kingdom and comparing it to that of a tropical island. We will be able to name and locate all of our continents and oceans as well as identifying the difference between human and physical geography. In art we will be inspired by the ocean and the seaside and create textured seascapes using a range of primary and secondary colours. Science will give us an opportunity to continue to explore materials and their uses.

### Killer Facts!

- Different materials are more suitable than others for different tasks.
- Some materials can be change by squashing, bending, twisting and stretching them.
- Materials can be used for more than one purpose.
